EXPERIENCE

Youth Behavior/Health Program Supervisor   Jan 2021— Present

United Women of East Africa, [UWEAST] (San Diego, CA)

· Must ensure that our team adheres to company policies, industry regulations, and ethical standards.

· Provide strong leadership to our team, the youth, setting a positive example, and inspiring team members to perform at their best.

· Managed data entry and database systems for all programs, including tracking youth members and managing health products like COVID-19 tests.

· Maintaining a safe and compliant work environment and may be involved in implementing and updating relevant policies as needed.

· Providing guidance, direction, and support to ensure tasks are completed effectively and efficiently.

ORGANIZATION & LEADERSHIP EXPERIENCE

Management Leadership for Tomorrow   Dec 2022— Present

· Career Prep program for professional and leadership growth, chosen from thousands of applicants.

· A selective 20-month professional development program for high-achieving diverse talent in the Software Engineering/Tech Track.

National Society of Black Engineers

· Actively participated in professional development workshops and networking events hosted by NSBE.

· Engaged in community outreach programs to promote STEM education among underrepresented youth.

· Collaborated with fellow members on engineering projects and initiatives that fostered teamwork and innovation.

· Attended regional and national NSBE conferences, gaining exposure to industry leaders and new technological trends.

· Contributed to the planning and execution of chapter events, enhancing leadership and organizational skills.

ColorStack

· A fellowship that allows me to participate in the community with lots of minority undergraduate students who are all interested in the Tech Industry. A great focus on academic support, community building, and career development opportunities in the Technology field.
